Re: C19 Policy Series Extension to October 31

It is the recommendation of the Fairfield Public Schools administration that the C19 policies, currently set to expire on September 30, 2021, be extended one more calendar month to October 31, 2021.

Current health data indicates a persistent concern with COVID-19. The mitigation practices and protocols in the policies are supporting the continuation of in-person schooling for the great majority of our students. To date we have had no incidents of in-school transmission and low numbers of students in quarantine.

If, in October, the Connecticut State Department of Public Health recommends changes in the practices and protocols contained in the C19 policies the administration will immediately notify the Board of Education and together, determine possible actions to address those changes.
