Special Education Programming and Review

Mr. Mancusi presented information on special education programming including Early Childhood Center (ECC), Complex Learner Cohort (CLC), Early Literacy Academy (ELA), Therapeutic Learning Center (TLC), The Relaxation Station (TRS), IMPACT, Walter Fitzgerald Campus (WFC), and the Community Partnership Program (CPP). Enrollment, facility needs and costs were reviewed for each program.

Mr. Mancusi responded to Board questions:

- The Relaxation Station is the new name for the CLC-S.
- The IMPACT program began in 2018-2019, replacing Effective School Solutions.
- The ECC peer ratio has not reached an ideal level of 50/50. Mrs. Rotelli said the peer ratio could improve if tuition was waived.
- Additional programming space may be needed at the elementary level due to the impact from COVID and behavioral challenges.
- The number of CLC's is impacted by the number of gen-ed classrooms; CLCs are best housed within schools.
- CLC students may need nursing care and assistance with feeding and toileting.

Draft

- The Early Literacy Academy is expected to expand next year with an additional classroom. Over time, the ELA program is expected to reduce the number of students entering specialized programming.
- Applications for ECC peer programs are still being accepted for afternoon sessions.
- ECC teachers would prefer to be together at one site, allowing easier collaboration.
- At the middle school level, specialized programming staff include a teacher and related staff, BCBA support, ed trainers and a paraeducator.
- WFC offers credit recovery. Currently, there are no potential tuition students. One administrator manages both CPP and WFC. Mr. Testani said he is assessing the growth of both programs.
- The driver shortage is causing some delays in transporting CPP students to University of Bridgeport. CPP is the only specialized program that does not spend time in gen-ed classrooms.

Mrs. Gerber said the amount of money saved through the specialized programming should be celebrated and shared with town bodies. Ms. Kelly cautioned that the savings amount will be scrutinized by the town and she suggested using a net savings number that accounts for transportation and staffing. Mrs. Rotelli added that residential programming could be far more expensive.

Several Board members requested estimates on future programmatic and classroom space needs.

Mrs. Rotelli requested a projection for ELA.

Mrs. Vitale moved, Mrs. Gerber seconded that the Board of Education approve the Business Curriculum and Business Curriculum Resources as presented on 11-29-2022.

Draft

March 19th, 2024.”

Public Comment on Amendment

Bob Smoler, FEA President: Moving the Wednesday conference to Tuesday is preferable because Thursday is the evening conference.

Motion Passed: 9-0

Ms. Guernsey moved, Mrs. Gerber seconded an amendment "the Board of Education amend the 2023-2024 Fairfield Public Schools Student Calendar to add April 10, 2024 as a school holiday in recognition of Eid al-Fitr and to extend the school calendar by one day."

Ms. Guernsey said she was moved by the numerous emails and public comment; district data shows an increase in absenteeism on the Eid holiday. Ms. Kelly said she supports the amendment.

Mrs. Maxon-Kennelly said she will abstain from the vote due to the lack of any standard or criteria for making a calendar change due to a holiday. There are many legitimate holidays including Diwali, Three Kings Day, Easter Monday, and Juneteenth. Legally, the Board should remain neutral.

Mr. Peterson said he supports the amendment, while still appreciating Mrs. Maxon-Kennelly's point. Future requests can be considered on a case by case basis. Mr. Aysseh said he will support the amendment and is cautiously optimistic on the procedural process for future instances. Mrs. Rotelli, Mrs. Vitale and Mrs. Jacobsen all said they supported the amendment. Mrs. Jacobsen said she is looking forward to future policy work and discussion on the school calendar.

Public Comment

Anwer Asad, FPS Resident: Requested confirmation of April 10 as the Eid holiday.

Motion Passed: 8-0-1

Favor: Mr. Peterson, Mrs. Kelly, Mrs. Rotelli, Mrs. Jacobsen, Ms. Guernsey, Mrs. Gerber, Mrs. Vitale, and Mr. Aysseh
Abstain: Ms. Maxon-Kennelly

Mrs. Gerber moved, Mrs. Vitale seconded an amendment "that the Board of Education amend the recommended 2023-2024 Fairfield Public Schools student calendar by holding August staff PD days on the 28th, 29th and 30th, holding 6th and 9th grade orientation on Wednesday, August 30, holding the first day of school on Thursday, August 31, and extending the last day of school to Thursday, June 13, and that Wednesday, June 19 be marked as a potential day off from school (Juneteenth), should the school year be extended to then due to snow days. The Board additionally moves to amend the language regarding snow days to read "The first 5 snow days" (change in bold/underlined)."

Mrs. Gerber said she wanted to extend the August weekend for teachers, many of whom are parents in the district. In addition, the beginning of the school year has been quite hot in recent years.

Mr. Aysseh said he would not support the motion; he did not want to extend the school year that deep into June, given the potential for snow days. The move to a Monday start in previous calendars was initiated by a previous superintendent.

Draft

Mrs. Vitale and Ms. Guernsey said they support the motion.

Mrs. Jacobsen expressed her concern with a graduation date if the 19th became a holiday and the school year was impacted by snow days. Dr. Hatzis said graduation could take place Thursday evening if that was the last day of school, but the award ceremony date, typically the night before graduation, may have to be adjusted.

Mr. Testani mentioned the possibility of an impact to the April break, given the intention to have a hard stop on June 21. There is more educational value to beginning the school year on August 28 or 29.

Mrs. Maxon-Kennelly and Mrs. Gerber said they did not recall any issue with absenteeism in previous years with a school start date on Thursday.

Public Comment:

Annie Berkowitz, North Cedar Road: Supports the amendment; it is better for younger children to start on a Thursday.

Katie Flynn, PTAC President: Supports the amendment; the beginning of the school year can be very hard for schools without air conditioning.

Mrs. Maxon-Kennelly said she is sympathetic to the amendment. Referencing Juneteenth, she said she will abstain due to the lack of a policy on making holiday changes to the calendar.

Motion Failed: 4-4-1

Favor: Mrs. Jacobsen, Ms. Guernsey, Mrs. Gerber, Mrs. Vitale

Oppose: Mr. Aysseh, Mr. Peterson, Mrs. Kelly, and Mrs. Rotelli

Abstain: Mrs. Maxon-Kennelly

Original Main Motion with Amendments Passed: 9-0

Approval of the 2023 Fairfield Cares Survey

Ms. Guernsey moved, Mrs. Vitale seconded that the Board of Education approve the 2023 Fairfield Cares Survey.

Mrs. Jacobsen moved, Mrs. Guernsey seconded to amend the 2023 Fairfield Cares Survey in accordance with the survey amendment submitted by Fairfield CARES.

Mr. Testani said the goal in FPS is to foster a supportive and inclusive environment for all students. Language that was of concern has been either changed or omitted. FPS will gather the data necessary that is critical to the work of Fairfield Cares.

Mrs. Gerber questioned the changes and said the older surveys and language previously approved by the Board unanimously in 2020 is much different than what is being proposed.

Ms. Hazlett said she listened to the concerns of the Board at the November meeting and confirmed with the evaluation consultant and LGBTQ allies that a shorter survey is purposeful and will provide data that will actually be used. The intent is to use the data and go deeper with focus groups.

Mrs. Vitale expressed her concern over losing longitudinal data.

Mr. Peterson said he appreciated the language changes and will be voting in favor of the amendment; he does not feel it conflicts with LGBTQ guidance sent to staff over the summer. He appreciated the stronger language regarding the option to opt-out.

Mr. Testani said communication that will be sent to families will be very clear on the opt-out option.

Ms. Guernsey thanked Fairfield Cares and said their work is critical; she was uncomfortable with the amendment and didn't want to lose longitudinal data or jeopardize the survey.

Ms. Hazlett said the survey is a grant requirement. 13% of students identified as LGBTQ in a previous survey, which is a population that stood out.

Ms. Kelly said the programs would still take place even without the survey.

Mrs. Jacobsen said the survey is important to show emerging trends.

Mrs. Gerber said she hoped the changes were not the result of ugly emails with horrible inferences; she did not want to set a precedent. Ms. Hazlett made the assurance that recent emails and social media postings have had no bearing on the changes to the survey.

Consent to Extend the Meeting

At 10:55PM Mrs. Jacobsen asked the Board for unanimous consent to extend the meeting to 12:30AM and then withdrew her request. Mr. Peterson then made a request "to extend the meeting time to 1:00AM".

Motion Failed: 5-4

Favor: Mrs. Jacobsen, Ms. Guernsey, Mr. Peterson, Mrs. Rotelli, and Mrs. Maxon-Kennelly

Oppose: Mrs. Gerber, Mr. Aysseh, Mrs. Kelly, and Mrs. Vitale

Mrs. Jacobsen then asked the Board for unanimous consent to extend the meeting to 12:30AM.

Motion Passed: 7-2

Favor: Mrs. Jacobsen, Ms. Guernsey, Mrs. Vitale, Mr. Aysseh, Mr. Peterson, Mrs. Rotelli, and Mrs. Maxon-Kennelly

Oppose: Mrs. Gerber, Ms. Kelly

Mrs. Rotelli expressed her concern that the survey is in conflict with the LGBTQ guidance recently sent to staff. The main concern is the age of the students; not all 12 year-olds understand what some of the terms mean and merely asking the questions may not be developmentally appropriate.

Ms. Hazlett said she felt the amendment does a good job of addressing that issue.

Mrs. Jacobsen moved, Mrs. Gerber seconded an amendment “ In Planning Principle #7, motion to strike the proposed “strive to maintain” and unstrike the existing language “must have a commitment of maintaining.””

Mr. Peterson said he opposes the amendment and feels the word ‘strive’ strikes the right balance. The state has approved the Racial Imbalance Plan.

Mrs. Maxon-Kennelly said she will oppose the amendment due to the option of sending students in new developments to different schools.

Mr. Aysseh said he is comfortable with the guiding principles which are not hard and fast rules.

Public Comment:

- *David Krasnoff*, FPS Parent: The guidelines are diluted with the word strive.

Mr. Aysseh said good points have been raised and variability will come into play.

Mary Hogue, FPS Resident: Appreciates the sustainability portion of document and thanked Mr. Testani for coming to North Strafield’s Green Leaf certification.

Mrs. Vitale said she is interested in:

- Keeping ECC at Warde and moving the Stratfield ECC to Holland Hill.
- Grandfathering for any plan.

Mrs. Jacobsen said the direction to the consultant, in addition to providing scenarios, will be to look at programs. She is interested in a bilingual program and factoring in loading levels.
