Tiered Response

Beyond the above protocols and supports, the new school climate policy defines a specific subset of challenging behavior that requires districts to respond with certain tiered interventions (referred to hereinafter as "tiered response incidents"). Pursuant to C.G.S. Sec. [10-222hh\(b\)\(6\)](#), a tiered response (as detailed in the table below) is required for an incident of challenging behavior that meets any of the following criteria:

- a. requires temporarily clearing a classroom or removing a majority of students to reduce the likelihood of injury;
- b. indicates a credible intention to cause bodily harm to self or others; or
- c. results in an injury requiring medical attention beyond first aid (or less severe injuries caused by the same person on more than one occasion, as verified by a school nurse or other medical professional). The law goes on to provide that, if a district determines that conduct meets the above criteria, school climate improvement plans must include the following responses:

Tiered Response

| Occasion Number - Tiered Response Incident | Tiered Intervention Required |
|--|--|
| First Offense | Principal must notify the parents/guardians of each student involved in a manner that complies with FERPA. |
| Second Offense | Principal must invite the parent/guardian of involved students to a meeting (virtual or in person) to discuss supports and interventions applicable to each student - including, but not limited to, restorative practices. |
| Multiple subsequent Offenses (or single incident that causes severe harm) | Principal must notify the parents/guardians of involved students of other resources for supports and interventions, including, but not limited to the following: the 2-1-1 Infoline Program; services/programs available through the Behavioral Health Partnership, established through C.G.S. Sec. 17a-22h ; or other resources for professional services, support, or crisis intervention. |

In addition, for tiered response incidents, there must be a meeting between an administrator and the school employee who witnessed the incident. The purpose of the meeting, which must occur within two days of the incident, is to determine the supports and interventions required to address the needs of students and school employees, although supports and interventions for special education students must be determined by the student's Planning and Placement Team (PPT). In addition, protocols and supports must include a process by which a teacher may request a behavior intervention meeting.
