**RESEARCH INVOLVING STUDENTS**

**5156**

All requests for the services of student volunteers in research projects, special studies, and surveys not part of the regular educational program require approval from the parents or guardians, the Superintendent of Schools or designee, and the Board of Education.

Staff members shall submit their request through regular administrative channels. Research requests from non-staff members must be submitted to the Superintendent or designee.

A written summary and/or presentation of findings will be made to the Board in a timely fashion upon completion of the research.
