Re: Request for Middle School Conference Participation

During the October 22, 2024, Board of Education member, Katie Flynn requested the number of parents/guardians who participated in conferences at each of the middle schools. Below is the requested data, broken down by grade level for each of the three conference dates, October 23rd, October 24th, and November 5th. Additionally, the number of parents/guardians who met with the school team regarding their child prior to the conferences dates and opted not to come back for a conference has also been included. Conferences are held in 15-minute increments, with 24 appointments per grade level available at FWMS and RLMS (three teams per grade) and 16 appointments per grade level at TMS (two teams per grade). Please note that conferences are still being scheduled for the final date (November 5th), so the number below reflects what has been set up as of October 25th.

Fairfield Woods Middle School:

Grade	Total number of students	Number who participated on 10/23/24	Number who participated on 10/24/24	*Number who signed up for 11/5/24	504's meetings prior to conferences	PPT's prior to conferences	Parent/Team meetings prior to conferences
