Terri Deveny, *Assistant Director of Finance*

Dear Members of the Board of Selectmen, Board of Finance, and RTM:

On behalf of the Board of Education, I offer for your consideration the 2026-27 Board of Education Operating Budget. The Board is proposing a total budget amount of \$245,944,528, representing a 5.54% increase relative to 2026-27.

Fairfield Public Schools and the Fairfield Board of Education remain united in a shared purpose: ensuring that every student is prepared to succeed beyond the classroom and into the broader world. Meeting that responsibility is no small task, yet Fairfield Public Schools continues to do so each day through the dedication and commitment of its staff. Over many years, this sustained effort has created a school system that is widely respected and deeply valued, one that strengthens our community and serves as one of Fairfield's greatest assets. Although changes in property assessments this year may raise concern, they can also be understood in the context of Fairfield's ongoing appeal. Demand to live in Fairfield remains exceptionally strong, and our public schools play a central role in making the town such an attractive place for families to put down roots.

More than 1,500 employees play a vital role each day in educating and supporting over 9,000 students across the district. As is true for most governmental services, the largest factor influencing the cost of education is personnel. Salaries and benefits represent 78% of the total budget, or \$192,386,843, and account for 3.77% of the overall 5.54% budget increase. In addition to personnel costs, transportation contributes 0.57% of the increase, while special education accounts for 0.37%. Together, these three areas drive 4.71% of the total 5.54% increase, with the remaining 0.83% spread across all other budget categories. Therefore, any significant or impactful cuts would likely come from the salaries and benefits line, which would likely also have a material impact to children in the classroom.

In an effort to moderate the overall budget increase, the Board of Education approved a number of significant reductions, building upon cuts already implemented by the administration. These additional adjustments total \$980,303 and include reductions in salaries (\$163,742), contracted services (\$23,550), other purchased services (\$145,000), and transportation (\$648,011).

These reductions come on top of the \$3.2 million already removed by the Superintendent from departmental budget requests. Without these combined actions, the proposed budget increase would be closer to \$17.1 million, or 7.35%.

This budget represents many months of careful work and collaboration. The Board of Education is grateful for the dedication and commitment of all those involved in its development. We respectfully ask for your thoughtful consideration of this request and welcome the opportunity to address any questions you may have.

Sincerely,

A handwritten signature in blue ink, reading "Jennifer Maxon-Kennelly". The signature is written in a cursive style with a large initial "J".

Jennifer Maxon-Kennelly  
Chair, Fairfield Board of Education

10	Capital	\$ (39,253)	-0.02%
11	Dues and Fees	\$ 2,331	0.00%
	<b><u>Other Changes</u></b>	<b>\$ 96,789</b>	<b>0.04%</b>
	<b>TOTAL</b>	<b>\$ 12,904,141</b>	<b>5.54%</b>

**Budget by Object Code:** The budget breakdown by object code reflects a net increase distributed across pre-established board categories. To provide clarity on key budget changes, allocations are segmented into specific groups. For example, the Other Purchased Services category (7) includes special education, general education instruction, copier expenses, and support services, aligning departmental responsibilities with the budget book's category codes.

The primary driver behind the 5.54% budget increase is due to salary and benefit increases. The budget funds the final year of the Teacher's contract and includes assumptions for attrition savings.

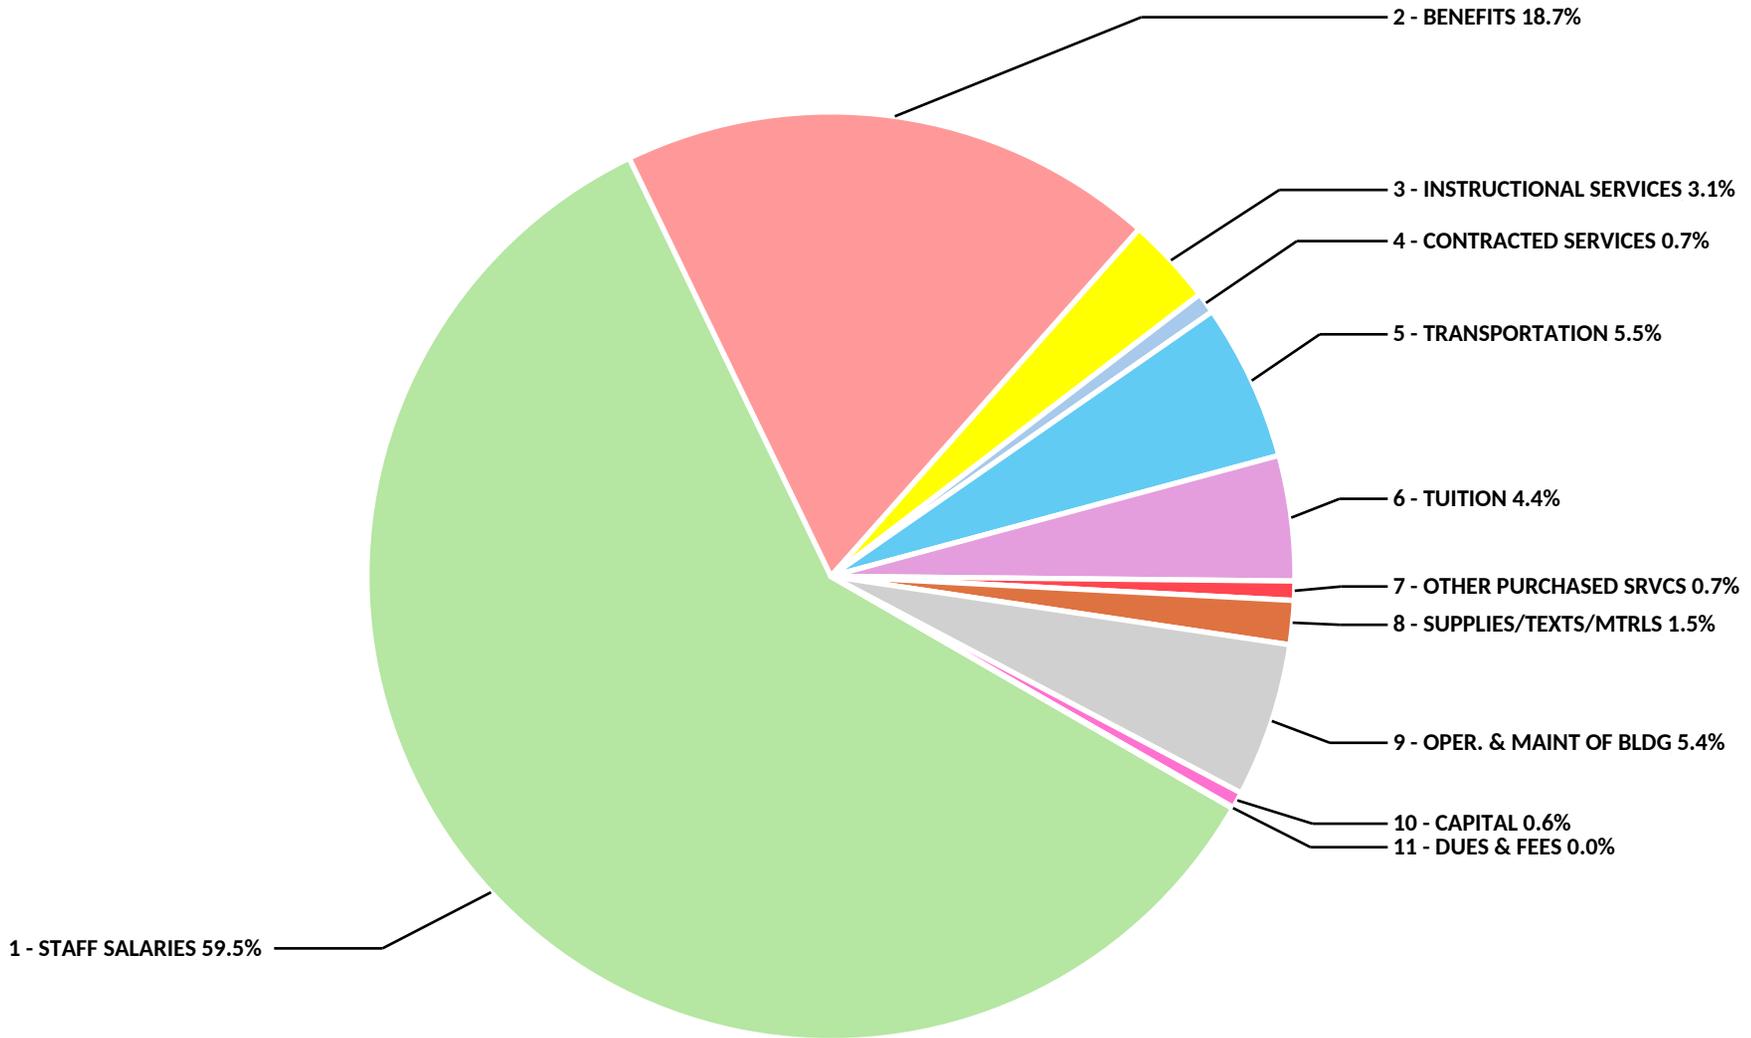

For health insurance, the State Partnership Plan assumed a 13-15% increase, but the assumed increase for the proposed budget is 14%.

For instructional supplies and materials, the budget allocates funding for the purchase of new math, social studies, world language, and language arts books. The increase for these purchases were offset by efficiency savings in instructional software.

Additionally, the proposed budget restores funding for major maintenance projects that were shifted to the Town's capital plan budget in FY2025-26.

Additional details and overview regarding major cost drivers can be found in the narrative details for each summary object.

## STAFF SALARIES

---

### **101 – Certified Teaching Staff**

Overall teaching staff is increasing by 4.56%, or \$4.136 million, even after a net reduction of 9 FTEs. A schedule of staffing changes for FY 2026-27 can be found in the support section of this book.

### **103 – Certified Support Staff**

The proposed budget for certified support staff is increasing by 7.21%, or \$733,526, with a net increase of 1.1 FTEs. This reflects the addition of 2 SPED evaluator positions shifted from summary object 101, a decrease of 1.0 tech integrator, and a net increase of 0.10 FTE for social workers.

### **105 - Certified Administration Staff**

The school administration budget is increasing by \$301,124. There is no net change in FTEs compared to the prior year, although there is a shift of 1.0 FTE from summary object 107 for a program director and 1.0 FTE elimination.

### **107 - Central Administration Staff**

The budget shows a net decrease of \$146,615 or 11.53%. The net decrease reflects a 1.0 FTE shift of the Executive Director of Math and STEM to summary object 105 and accounts for cost-of-living adjustments.

### **109 - Director/Supervisor/Manager**

The budget is increasing by \$119,118 or 12.19%, which reflects a shift of 1.0 FTEs from summary object 121 (support staff). Additionally, the Director of Construction and Energy Services was shifted to an Assistant Director of Security and Operations. The salary for the position was reduced by \$20,000 from the Superintendent's proposed budget to reflect current actual salary.

### **111 - Secretarial Staff/Clerical Staff**

There was a 1.0 FTE reduction that represents a shift within personnel services from secretarial staff to support staff (Object 121). Also included is a 1.0 FTE reduction in instructional services secretarial staff and a 1.0 FTE reduction in pupil personnel services secretarial staff. Altogether, these changes result in a net budget reduction of \$185,979, or 4.61% compared to the prior year. The contract for secretaries is currently under negotiation. Estimated increases for the contract settlement are budgeted in the wage and benefit reserve.

### **113 – Paraprofessional Staff**

The budget reflects an increase of \$229,544 or 3.47%, which includes contractual increases for paraprofessionals, such as cost-of-living adjustments, stipends, step increases (for those applicable), and longevity. There is no change in FTEs from the prior year budget.

### **115 – Custodial Staff**

The budget reflects a \$20,244 or 0.43% increase from the prior year. There are no changes in FTEs. The custodial contract is currently under negotiation. Estimated increases for the contract settlement are budgeted in the wage and benefit reserve.

### **117 – Maintenance Staff**

The budget reflects an increase of \$24,615 or 2.39%. There is no change in FTEs from the prior fiscal year. The increase reflects step movements for various maintenance workers. The custodial contract is currently under negotiation. Estimated increases for the contract settlement are budgeted in the wage and benefit reserve.

### **121 - Support Staff**

The budget is increasing by \$65,221, or 1.61%. There is a net zero FTE impact, with one increase and one decrease. The decrease reflects a transfer of 1.0 FTE support staff in the finance department to summary object 109. The increase is an additional 1.0 FTE in human resources previously budgeted in summary object 111 (secretarial staff).

### **125 - SE Trainer Staff**

The budget is decreasing \$8,779 or 0.76%. The contract for SE Trainers is currently under negotiation. Estimated increases for the contract settlement are budgeted in the wage and benefit reserve.

### **129 - Part-time Employment**

The budget for part-time employment is increasing by \$233,580 or 4.94%. The increase accounts for a contractual increase for security guards. Additionally, payroll for guard greeters was shifted from the security services line to the part-time employment line in each high school. Guard greeters, previously outsourced, will now be hired and managed by the district. The Board of Education made three reductions to this line totaling \$143,742. Part-time operations staff was reduced by \$15,000 and Teacher Social Emotional Learning (SEL) stipends were eliminated (\$42,242). The budget for summer school general instruction (\$86,500) was eliminated due to an error in the proposed budget.

### **131 - Wage and Benefit Reserve**

The wage and benefit reserve account is increasing by \$201,951, or 27.77%. This account provides contingency funding for labor contracts currently under negotiation. The District is negotiating with the custodial and maintenance union (contract expired June 2025), the SE Trainers union (contract expired June 2025), and the secretaries' union (contract expiring June 2026). In addition, this reserve includes contingency funding for estimated cost-of-living increases for non-union support staff and central office administrators.

**133 – Staff Replacement**

The 2026-27 salary budget was adjusted for attrition to reflect staff turnover for certified and non-certified staff, and retirements. Based on the current requests of teachers in the district, approximately 20 teachers could be expected to retire at the conclusion of the school year.

**135 - Degree Changes**

The budget reflects a significant decrease in degree advancements eligible for reimbursement under the teachers' contract. The anticipated amount is based on reported requests for seventh-year certified course completions. This year there is a significant decrease as the majority of candidates have finalized their degree change in the 2025-26 school year. As teachers complete their degree changes, there is a shift from this line to summary object 101.

**136 – Cert Teacher – Retr Sick Payout**

This line budgets the teacher's retirement severance payout. Article VIII, Section 4 of the teacher's contract allows teachers to be paid \$100 for each unused accrued sick day over 100 days if the teacher announces their retirement by November 1 of any given year.

## **BENEFITS**

---

### **201 – Health Insurance**

The 2026-27 premium rates for the CT Partnership Plan will not be determined until the spring of 2026; however, a 14% rate increase was budgeted based on the state's preliminary estimate of a 13-15% renewal rate. The estimate includes funding for 10 vacancies. The final rates are to be determined and will need to be addressed during the budget process. Updates to the state projection will be announced in January, before final rates are communicated in April. It should be noted that an additional 1% is added to the premium by the State Partnership plan for municipalities located in Fairfield County.

### **203 – Life /Disability Insurance**

The budget reflects an increase of 5.06% (approximately \$23 thousand). The increase in life and disability insurance costs is attributed to several factors. For disability insurance, projections are based on the most recent billing, adjusted for anticipated salary increases.

### **205 – Social security**

Social security is budgeted at the current rate based on staffing levels.

### **207 – Pension/Retirement**

The increase is 4.12%, approximately \$117 thousand. The non-certified employees are either enrolled in the town pension plan or the board of education 401(a) depending on their hire date (those hired prior to August 2017 are in the town plan, those after in the 401(a) plan). The majority of the increase is for the town pension, which is based on estimates for the actuary. The District will adjust its pension numbers when the final valuation comes in from the actuary.

## **INSTRUCTIONAL SERVICES**

---

### **301 - Instructional Services**

Instructional services support program assessment, curriculum development (additional funds in program implementation budgets for each department), music and instructional supplies, freshman orientation, and homebound instruction. The budget for this summary object is decreasing by \$68,517 or 13.45%.

### **303 - Pupil Personnel Services**

The budget for pupil personnel services will remain essentially flat, with a slight increase of \$8,587 or 0.14%. Expected expenditures for consultation services, occupational therapy, physical therapy, nursing, and speech are all decreasing. There is a corresponding increase in other professional services.

### **409 - Student Activity Expenses**

This reflects a commitment to drama, sports and music at the individual schools based on their planned distribution of the per pupil allocation.

The budget increase is 5.35% (\$43,354), which accounts for a \$14,311 decrease in system wide sports costs, primarily due to decreased ice rink costs. The decrease is offset by an increase of \$60,000 (\$30,000 each) to Fairfield and Ludlowe high schools' athletic lines. The additional \$2,335 decrease accounts for miscellaneous decreases in other lines.

## CONTRACTED SERVICES

---

### 305 – Professional Technical Services

The increase of \$49,554 or 6.49% in the professional services account is mainly driven by an increase to legal services for special education in the superintendent's office, with an offset to technical consultants in maintenance of plant and operations.

### 307 – Other Services

There is a slight decrease of \$2,140 or 0.87%. This budget reflects a steadfast commitment to extracurricular activities, commencement ceremonies, and in-school suspension programs, as determined by each school's per-pupil allocation. While the overall school allocation remains fixed, individual schools have adjusted their budgets, reallocating funds between student activities, supplies, and textbooks to best meet their unique needs. Additionally, the budget maintains consistent funding of \$25,000 for our mandatory GED program provided by Bridgeport, as well as intramural costs. There is a slight increase of \$2,600 to interscholastic sports insurance with a decrease of \$5,000 in the district-wide cell phones line.

### 309- Security Services/Expenses

This budget reflects a decrease of \$31,987 or 12.69%. This budget includes allocations for district-wide security repairs, police coverage during the first week of school, and support for digital walkie-talkies. The line includes an increase of \$57,599 for an expansion of the District's visitor management software, which will continue to help schools track, monitor and manage visitors in school buildings. The expansion will implement a district-wide emergency management system which will continue to provide a safe environment for students. **In addition to other offsets**, the budget assumes guard greeters will not be contractors but hired and managed by the district. As a result, \$76,000 was transferred from security services to Security staff at Warde and Ludlow (\$38,000 each). Additionally, the budget for Inforce 911 was also reduced because of the new visitor management software.

### 315 - Rentals

Fees for the rental of sports facilities, such as ice hockey, swimming, sailing, gymnastics and skiing. This line also includes the cost associated with streaming for all sports played in the main gyms and stadiums, where both high schools have automated cameras for filming. The budget increase is \$23,341 or 28.12%. Of the \$23,341 increase, \$20,341 is attributable to increased sports facilities rental costs at Ludlow and Warde high schools. The remaining \$3,000 is attributable to an increase in special education facility rentals. Additional details for rentals at Warde and Ludlow can be found in Athletics Budget supplement at the end of the budget.

### 325 - Personnel /Recruitment Expenses

The recruitment budget is increasing by \$37,990 or 10.36%, which is primarily due to an increase in the number of interns. The FY26 budget included 14 interns and 8 residents. As the residency program has been discontinued, the proposed budget assumes 25 and 0 residents. We assume \$15,750 as the rate per intern, which is a 2.94% increase in the rate year-over-year. The Board of Education reduced this line by \$23,550 from the Superintendent's proposed budget. The change was made to align the proposed budget with actual experience.

**TRANSPORTATION**

**317 – Student Transportation**

The contractual increase for student transportation services is 18.50%. However, our budget request reflects a smaller increase of **11.03%**. The Superintendent’s proposed budget included a \$190,488 offset to the transportation budget for anticipated efficiencies. The Board of Education increased the offset by \$648,011 to a total of \$838,499.

## TUITION

---

### **329- Tuition**

#### Magnet school

Overall, the magnet school budget is decreased by (\$19,100). The FY2026-27 rates have been adjusted for an increase, but due to state legislation capping the reimbursement at 58%, we realize a decrease in the overall tuition per student.

#### Special Education

The increase of 8.97%, or \$860,511 for Special Education tuition is based on current known needs for the upcoming year. This includes 72 projected PPT outplacements as well as 45 Settlements/Unilateral placements, based on knowledge of current students and trends for projected enrollment next year. This projection also includes state excess reimbursement or revenue at a rate of 65% for special education out placement costs more than 4.5 times the district's average per pupil cost.

## **OTHER PURCHASED SERVICES**

---

### **319 - Conference & Travel**

The budget increases this line by \$103,366 or 54.39%, which is primarily due to increases in staff development in the district. The line includes funding for the regional youth adult social action partnership for the district. Additionally, it includes funding for Wilson Level 1 training for SPED teachers, professional development for speech and language pathologists and psych and social workers. The Board of Education reduced this line by \$45,000 to align the budget with updated expectations for FY26-27.

### **321 - Professional Development/Curriculum Writing**

The professional development budget is increasing by \$90,315 or 11.13%, primarily due to the cyclical nature of training programs within instructional services. This adjustment aligns with our multi-year strategic plan, ensuring efficient resource allocation to meet the evolving needs of educators and students. The budget was reduced by \$100,000 from the Superintendent's proposed budget.

### **323 - Postage**

The budget is decreasing slightly, by approximately \$8,520 or 21.03%. This budget also includes FedEx contract, CMS mail processing and PO Box rental fees. The decrease is attributed to the prepayment of postage in FY 2024-25.

### **327 - Printing/Copying**

The FY 2026-27 district budget includes an increase of 26,356 or 6.86%. This increase is driven by the availability of one multifunction copy machine (MFD) in each school and the availability of more color printing. The expansion was designed to replace desktop printers with more efficient MFDs.

Black-and-white prints cost \$0.0044 per page on MFDs compared to a minimum of \$0.008 per page on desktop printers, while color prints will cost \$0.05 per page on MFDs versus a minimum of \$0.08 per page on desktop printers.

## **SUPPLIES/TEXTS/MATERIALS**

---

### **400 - Supplies, Books & Materials**

There is a slight decrease of \$13,696, or 1.14%, in the total amount principals budgeted for their school supply accounts using pupil allocations. These budgeting decisions are made at the building level, with allocations based on projected enrollment.

### **401 - Instructional Supplies/Materials**

The increase of \$702,682 is predominantly driven by the planned purchase of new math (+\$331,788) and social studies (+\$672,062) books for students, which is concurrently offset by decreases from purchases of other instructional materials in the current fiscal year that will not be needed in FY27. The district is also purchasing new instructional materials for World Language and Language Arts.

A notable offset is in instructional software (decreasing by \$87,970), whereby the district optimized software licenses by removing underutilized products and aligning usage with the curriculum. New additions include Blast Teacher Online Presentation Tool, HD Word and Writing Revolution Online Tools. Removals include ASB Classroom, Book Creator, Discovery Education, GimKit, Perfect My Music, Swank, and This is School.

### **404 - Supplies, Books, Materials - District Support**

Overall, the budget for supplies, books, and materials shows an increase of \$34,900 or 59.25%. A majority of the increase is allocated to purchasing SPIRE programs (Megawords, Sound Sensible) materials and kits. These materials teach phonemic awareness, phonics, reading, spelling, and other skills through multisensory instruction. The programs are catered to grades K-12. A smaller portion of the increase is allocated to the Early Childhood Center programs, an integrated special education early childhood program, to upgrade/purchase supplies for art, music, and PE programs. These integrated preschool programs foster inclusive educational environments, where children with special needs learn alongside their typically developing peers, promoting social, emotional, and academic growth for all students. The additional funds will be used to enhance classroom environments with necessary support and materials.

### **411 - Textbooks**

Slight decrease in supplies and materials for special education.

### **415 - Other Supplies/Materials**

The budget is decreasing by \$50,032 or 35.38%, which is predominantly driven by a decrease in information technology supplies, which reflects a reduction in Chromebook cases due to elementary carts allowed for offsets in the cell phone pouches in the high school for incoming 9<sup>th</sup> graders.

## **OPERATIONS & MAINT OF BLDGS**

---

### **311 – Utility Services**

The year-over-year utilities budget reflects a \$120,009 decrease, or 2.40%. Looking ahead to FY 2026-27, energy prices are anticipated to rise, influenced by factors such as growing demand, high wholesale prices, and rising production costs. The International Energy Agency (IEA) projects global electricity demand to increase **by 3.7% in 2026**, following a 3.3% rise in 2025, indicating a strong, sustained growth rate driven by industries, data centers, air conditioning, and electric vehicles.

Utility estimates for gas and electricity are based on three-year usage averages, adjusted for projected delivery rates. Gas projections include slightly lower purchase gas charges and no increase in delivery-related costs, as advised by the district’s consultant. Electricity estimates were adjusted for the October 2025 PURA rate case decision, municipal credits and planned HVAC expansion projects. Water costs are projected to decrease by 5% for supply and delivery, based on reduced usage. These estimates reflect responsible planning to manage utility costs while accounting for ongoing energy-saving initiatives.

### **313 – Maintenance Services**

The Maintenance code covers three key areas: Facilities, School Services, and Technology. This year, the maintenance services summary object is increasing by \$881,747 or 14.20%, primarily driven by maintenance projects at various schools and information technology software.

Facility Maintenance has risen by \$699,199, of which \$542,909 accounts for investments in major maintenance projects necessary for student security and safety. The remaining \$156,290 accounts increases in various areas. Equipment Repairs – Maintenance increases by \$31,282 due to higher vendor material costs. Maintenance – Equipment Integration PM increases by \$105,692 to support BMS controls integration, preventive maintenance, and repairs, along with three additional schools coming online. Maintenance – Grounds Construction Services increases by \$88,244 due to contract escalations and material costs, partially offset by the approved Warde Turf project. Maintenance – Other Contracted Services increases by \$31,647 due to inflation. Maintenance – Painting decreases by \$75,075 due to significant work completed this year through other projects. There are also various other offsets that decrease this line by \$25,500.

Technology-related maintenance increased by \$182,548 due to increased software and service contract costs. The district is consolidating security and service desk software to reduce costs and streamline IT processes. The current budget reflects overlapping costs for running both SIS platforms (Infinite Campus and PowerSchool). Future budgets will decrease as PowerSchool fully replaces infinite campus.

These budgetary adjustments reflect the district’s commitment to maintaining safe, functional facilities while maximizing efficiencies in maintenance and technology operations to minimize costs.

### **424 – Other Supplies**

Reflects the increase in the cost of supplies including paper goods, floor finishers, cleaning implements, soaps and detergents for distribution to the schools.

**429 – Maintenance/Repairs Supplies**

Reflects an increase of \$48,460 or 6.07%. This line reflects the cost of district-wide electrical supplies, grass seed, and plumbing and HVAC supplies and assumes inflationary increases for these categories.

## **CAPITAL**

---

### **501 – Capital Outlay**

The capital outlay budget remains stable, with a slight decrease for FY2026-27. This budget maintains consistent per-school allocations and continues to support essential equipment for programs such as music, art, technology education, and pupil personnel services, as well as district-wide purchases like cafeteria tables.

Implementing a multi-year capital planning strategy is effective for financial management in schools by anticipating future needs and allocating resources; accordingly, we ensure the timely acquisition of necessary equipment and infrastructure improvements. This approach enhances educational outcomes and promotes fiscal responsibility by mitigating the impact of large, one-time expenditures on the annual budget.

By adopting a multi-year planning approach, our district can effectively manage capital expenditures, maintain consistency in per-school allocations, and support essential programs and equipment needs across all schools. This strategy allows for the pre-purchase of necessary items using year-end funds, thereby reducing the financial burden on the subsequent year's budget and ensuring that students and staff have access to the resources they need without interruption.

### **503 - Technology Capital**

The Technology Capital budget for FY2026-27 is projected at \$923,548, reflecting an increase of \$173,578. Through long-term planning and strategic use of year-end funds, the IT capital budget is projected to be about 22% below the five-year average. The budget includes interactive boards, technology education workstation refresh at both high schools, and hardware for the new ISP contract.

Our strategic approach focuses on improving efficiencies through large-scale rollout plans and leveraging year-end funds to reduce the capital budget burden. By adopting a multi-year capital planning strategy, we ensure that resources are allocated effectively.

Budget by Program

**Fairfield Public Schools**  
**2026-2027 Program Code Description**

The following report itemizes the 2026-27 proposed budget by program/department. Salaries are included in their respective programs; ancillary costs, such as insurances, direct costs, and unsettled contracts, are allocated centrally.

1102 – 1129	Direct classroom instructional programs. General instruction (1129) includes a variety of special instruction classifications such as English Language Learners (ELL), Gifted, Vocational/Agricultural and Magnet School tuition for Fairfield students, and general instruction for grades 1 through grade 6.
1130	Student Activities - extra-curricular salaries and Athletic Director salaries; other costs for after school activities such as intramurals, sports, drama, and music.
1200 – 2150	Support services - many are instructional support such as special education, including the Early Childcare Center (ECC), social work, guidance counseling, and psychological and speech/language services. Security and Continuing Education are also included.
2210	Improvement of Instruction – (1) instructional office costs including: Deputy Superintendent, Chief Academic Officer, Program Directors, Part-Time Coordinators, Liaisons, associated secretarial support, and building positions dedicated to instructional improvement, (2) professional improvement expenses such as interns, conferences, teacher mentor stipends and contractual tuition costs for pedagogical professional growth.
2220	Educational Media Services – school expenses for Library/Media Specialists and library paraprofessionals, as well as books and supplies for school library media centers.
2230	Technology Services – includes software, technology infrastructure, supplies and capital outlay.
2310, 2320	Board of Education and Superintendent’s Office – Board of Education dues and conference costs; as well as the Superintendent’s Office staff, departmental expenses, professional memberships, and district legal fees.
2400	School Administration – school expenses including administrative positions, deans, school paraprofessionals, clerical staff, copying, general supplies, equipment, dues/fees, internal suspension, and commencement.
2510 – 2640	Ancillary programs/departments that provide a range of support as described by their title.

Revenue

## STATE FUNDING SOURCES

**EDUCATION COST SHARING (ECS)<sup>^</sup>:** The State of Connecticut distributes ECS funds to ensure every child has an equal opportunity to access quality educational experiences. Aid is allocated based on a formula that considers town wealth.

**ADULT BASIC EDUCATION (ABE) GRANT:** Fairfield no longer operates an Adult Education Program. Students seeking to complete their GED must attend classes in Bridgeport. Fairfield receives a small entitlement to offset the cost of sending students to Bridgeport's program.

**PARAEDUCATOR INSURANCE SUBSIDY PROGRAM:** A state-funded initiative providing financial assistance to school paraeducators to help cover high out-of-pocket health insurance costs by offering stipends for those in covered on plans, recognizing their vital role despite often low wages. Created during the 2023 legislative session, the program offers significant cost reductions, aiming to improve retention and ensure they can afford necessary care.

**TWO PERCENT EXCESS COST SHARING (ECS):** This is a 2% set-aside that comes out of our Education Cost Sharing Grant awarded to the town and results in a corresponding reduction of ECS Grant funds that are available to the town.

**SPECIAL EDUCATION EXPANSION AND DEVELOPMENT (SEED):** A new state-funded program in Connecticut established to provide additional funds directly to boards of education for special education purposes to increase capacity for special education services, reduce outplacements, and support students with disabilities.

**SPECIAL EDUCATION EXCESS COSTS – STUDENT BASED GRANT:** The Fairfield Public School System receives these funds from the State of Connecticut under CGS 10-76g(b). The grant offsets costs exceeding four-and-a-half times the previous year's Net Current Expenditures per Pupil for district-initiated placements. For state-initiated placements, 100% of costs exceeding the prior year's per-pupil expenditure are reimbursed. The State determines the capped funding percentage, with payments distributed in February and May.

**OPEN CHOICE:** As a participant in the Open Choice program, Fairfield receives funding to support its educational initiatives. These funds are used to employ 2.0 math/science teachers at the elementary level. The anticipated funding for the 2026-27 school year is \$3,000 per student.

**BILINGUAL EDUCATION PROGRAM:** These funds ensure English Language Learner (ELL) students have meaningful access to educational programs. The program supports ELL students in developing English proficiency and literacy through a robust ESL curriculum, along with necessary modifications and support to help them achieve academic success in English.

**MAGNET TRANSPORTATION:** Magnet transportation funds offset the costs of transporting students enrolled in magnet and vocational programs. The current reimbursement rate is \$1,300 per student, with payments made in two installments—October and May.

<sup>^</sup> *Distributed to the Town of Fairfield directly*

## FEDERAL FUNDING SOURCES

**CARL PERKINS CAREER AND TECH ED IMPROVEMENT ACT:** These funds supplement vocational and technical education by financing the purchase of specialized equipment for vocational program areas.

**TITLE I – IMPROVING BASIC PROGRAMS:** Title I funds support additional resources for disadvantaged children, distributed based on free and reduced lunch participation. These federally regulated funds provide supplemental learning support for students. McKinley and Holland Hill are Fairfield’s designated Title I schools.

**TITLE II – PART A – TEACHERS (PROFESSIONAL DEVELOPMENT & CLASS SIZE REDUCTION):** This funding ensures all students have access to enriched curricula and helps reduce class sizes to improve educational experiences.

**TITLE III – PART A – ENGLISH LANGUAGE ACQUISITION:** These funds are designated to develop and implement language and academic content support programs for Multilingual Learners (MLL).

**TITLE IV – PART A – EVERY STUDENT SUCCEEDS ACT (ESSA):** Funds support schools with the greatest need by providing resources for well-rounded educational opportunities and effective use of technology.

**IDEA – PART B:** Funding from the Individuals with Disabilities Education Act (IDEA) offsets the costs of special education and related services for students aged 3-22. These funds must supplement, not supplant, local and state funding, with districts demonstrating maintenance of fiscal effort during audits.

**IDEA – PART B – PRESCHOOL:** These IDEA funds help offset the costs of special education and related services for children aged 3-5. Like Part B, these funds must supplement, not supplant, local and state funding, with fiscal effort maintenance required.

**MEDICAID REIMBURSEMENT:** With parental consent, the district bills Medicaid for health-related services specified in students’ Individualized Education Programs (IEPs), including audiology, nursing, occupational therapy, physical therapy, speech therapy, psychological services, and social work services.

**CARES COMMUNITY COALITION DFC (DRUG FREE COMMUNITIES):** Funds support underage substance use prevention, including education about health risks, police initiatives, training for restaurant staff, and professional development for health educators.

**21<sup>ST</sup> CENTURY COMMUNITY LEARNING CENTERS (21<sup>ST</sup> CCLC):** This program supports community learning centers that provide academic enrichment during non-school hours, helping students meet academic standards and offering enrichment activities, as well as family literacy and educational services.

## FEDERAL REVENUE SOURCES Cont'd

ARPA SUMMER MENTAL HEALTH SUPPORT: Funds support the delivery of mental health services for students during summer months through local and regional school districts, youth camps, and other programs.

ARPA SCHOOL MENTAL HEALTH SPECIALIST: This funding assists school districts in hiring and retaining mental health professionals, including social workers, psychologists, trauma specialists, and counselors.

ARPA RIGHT TO READ: This funding helps school districts implement the state's "Right to Read" law, which mandates evidence-based, phonics-focused K-3 literacy instruction based on the "science of reading" to close achievement gaps, especially for students of color and high-need students. The grant funds support adopting approved reading programs, assessments, technology, and professional development to ensure all students receive effective literacy teaching.

ARP (AMERICAN RESCUE PLAN) ESSER: These funds support the safe reopening of schools and address the impact of the COVID-19 pandemic on students' education.

## OTHER FEDERAL REVENUE SOURCES (for Private/Non-Public Schools)

NON-PUBLIC - HEALTH & WELFARE: Funding supports "Child Find" activities under IDEA to identify and evaluate students with disabilities attending non-public schools within the town, ensuring access to evaluations at no cost to parents.

NON-PUBLIC - TITLE II – PROFESSIONAL DEVELOPMENT: Federal funds support teacher training and professional development to improve teacher quality and increase the number of highly qualified educators in non-public schools.

NON-PUBLIC - TITLE III – ENGLISH LANGUAGE ACQUISITION: Federal funds support the development and implementation of language and academic content programs for English Language Learners in non-public schools.

NON-PUBLIC - TITLE IV – WELL-ROUNDED EDUCATION: Federal funds support activities promoting educational opportunities, student safety, and effective technology use in non-public schools.

NON-PUBLIC - ARP IDEA: Funding addresses COVID-19 challenges in non-public schools, supporting teacher professional development and resources for servicing children with disabilities.

OTHER NON-RECURRING GRANTS: State and federal grants supporting specific needs, including Para Educational Professional Development and special

education recovery initiatives.

## SUPPLEMENTAL REVENUE SOURCES

SUMMER SCHOOL: Monies received for remedial and enrichment summer school classes.

MUSIC INSTRUMENT RENTAL: Funds collected from instrument rentals are used to repair, refurbish, or replace instruments.

FAIRFIELD EDUCATION ASSOCIATION (FEA) REIMBURSEMENT: Reimbursement covering 50% of the Fairfield Education Association president's salary.

GATE AND PARKING FEES: Revenue generated from ticket sales at athletic events is used to cover sports-related costs and student parking fees offset the cost of security at high schools.

PRESCHOOL TUITION: Tuition offsets transportation costs for preschool programs. Rates are prorated based on eligibility for free or reduced lunch. The 2025-26 tuition is set at \$5,457 for half day and \$8,185 for a full day.

SPECIAL EDUCATION REVENUE FROM OTHER DISTRICTS: Funds collected from sending districts for special education services. For Open Choice, it is the excess of the \$3,000 tuition allocation provided by the state. For non-resident staff, it is the amount more than the base tuition set by the district.

NON-RESIDENT TUITION – CHILDREN OF STAFF: Tuition collected for non-resident staff children attending Fairfield Public Schools.

CHROMEBOOK/LAPTOP FEES: Parents may purchase a protection plan for school-issued devices, with fees used for repairs and parts.

PEGPETIA: Grant funding for educational technology.

CUSTODIAL FEES AND BUILDING RENTALS: Revenue from facility rentals covers custodial overtime and funds from facility rentals by non-affiliated organizations cover the cost of use.

NON-PUBLIC - TRANSPORTATION REIMBURSEMENT: The Town of Fairfield reimburses costs for a portion of the transportation supervisor and clerical staff overseeing non-public school transportation.

## HIGH SCHOOL CLASS SIZES - FISCAL YEAR 2025-2026

### **Explanation for class sizes under 15:**

A high school class may have fewer than 15 students in any given class period for one or more of the following reasons:

- 1) The class is the culminating course in a sequence of courses. An example would be the final year of a World Language sequence.
- 2) Advanced Placement classes.
- 3) Scheduling distribution:
  - a) A core course offering multiple sections may result in one class with fewer than 15 students due to how they are distributed. For example, an English course might have 286 students spread over thirteen sections. Twelve sections could average 23 in each with one section holding the final 10 students.
  - b) A course may have enough student interest for two sections averaging 20 students each, but due to other courses the students are taking (e.g. a particular music course), one course may have 14 students and the other, 26.
- 4) Sometimes when new courses are introduced, they have low enrollment until more students learn about the offering and enrollment increases in subsequent years. Some classes with an insufficient number of student requests are cancelled; not every requested course in the Program of Studies is offered in each high school each year.
- 5) Some elective course enrollments ebb and flow from year to year. The risk of not running introductory courses with lower enrollments could mean the
- 6). World Language teachers have a lower contractual student load versus other core subjects teaching five sections
- 7) The math courses with a mini (6 sections) have students enrolled with a greater need of intervention. These courses are capped at 12 to maintain this support.
- 8) At Warde, eight (8) sections of EL/ML courses are run under 15 to meet the student need for language acquisition.

<sup>^</sup>Updated as of December 2025

## MIDDLE SCHOOL CLASS SIZES - FISCAL YEAR 2025-2026

### Explanation for classes under 15:

1. Variations in class size for math classes are due to math placement, especially double accelerated students. At RLMS, we have two section of accelerated in certain grades, which impact other distributions.
2. Small world language class sizes are caused by either enrollment numbers and World Language teacher caps (for example, 110 students total instead of 124, especially in French when the teacher teaches multiple grades) or students needing to be in specific periods due to cross grade level courses.
3. The variation in Math and World Language sections impacts other course team classes as well, hence smaller sections in Language Arts, Science, and Social Studies.

**Fairfield Public Schools**  
**Class Size/ Teacher Load - Fiscal Year 2026-2027**

<b><u>Type</u></b>	<b><u>Staffing</u></b>	<b><u>Policy/Regulation</u></b>
Elementary Class Size	Elementary (except McKinley): Grade K-2: max of 23; Grades 3-5: max of 25 McKinley Elementary School: Grades K-2: max of 21; Grades 3-5: max of 23	6151: Board/Admin policy noted in Collective Bargaining Agreement Part 2, p.56
Elementary Class Size: Special Education, Intensive or Self Contained, Resource Room	“not more than 10” students	4.1.4: Board/Admin policy noted in Collective Bargaining Agreement Part 2, p.56
Elementary Specialist Staffing: Art Music, Physical Education, World Language	A full-time (1.0 FTE) Elementary Art or World Language teacher teaches 25.8 hours in a six-day cycle. Teaching hours are reduced proportionally based on FTE status. Music and Physical Education, direct contact hours are listed in the collective bargaining agreement	4.1.4: Contractual Language p.6
Elementary Specialist Staffing: Band, Strings, School Psychologist, Social Worker	Band: FTE determined by the number of students electing to take band in GR5 Strings: FTE for Strings is based on the number of GR 4 and 5 students enrolled in instrumental lessons School Psychologist: 1.0 FTE per school SW: Staffing based on school size and student needs; .2 per school	District Past Practice
Elementary Support Staffing: Assistant Principal Language Arts Specialist Library Media Specialist STEAM/Gifted Teacher Multilingual Learner Teacher (MLL) STEAM/Gifted	AP: 1.0 FTE per school LAS: 1.5 FTE for schools with < 350 students; 2.0 FTE for schools > 350 students LMS: 1.0 FTE per school MST: 1.0 FTE per school STEAM/Gifted: 1.0 FTE per school MLL: Based on student need	District Past Practice
Middle School Class Size	Grade 6: A class size of 15 shall be considered a minimum for efficient utilization of the teaching staff; When class size in grades 3-6 exceeds 35, the class may be divided, or a teaching assistant provided. Secondary class size shall not exceed 35 for normal operations.(Grades 6- 8): For normal class instruction, a class not exceeding 25 students is desirable	Board/Admin policy noted in Collective Bargaining Agreement Part 2, p.56 and 6151(b): Board/Admin
Middle School Class Size: Special Education Intensive, Special Education Resource Room	“not more than 10” students (Intensive) “not more than 20” students (Resource Room)	4.3.4: Board/Admin Policy noted in Collective Bargaining Agreement
Middle School Class Size: Community Approach	When students are organized in communities, the size of the community shall not exceed 120	4.2.1: Contractual Language, p.7

Certified bargaining units, including teachers and administrators, must adhere to strict statutory negotiation timelines. If the District cannot reach an agreement with these units before the deadline, the process requires binding interest arbitration. Non-certified bargaining units are not bound by these statutory timelines, allowing for extended negotiation periods. These funds are held in reserve in a wage and benefit fund.

**Phases of Curriculum Implementation**

**Review:** Content curriculum is reviewed by staff members to determine alignment to the current State of Connecticut adopted curricular expectations, standards, and fulfillment of student learning expectations.

**Revise and Approve:** Using information from the review year and status update/input, the curriculum is updated and presented to the Board of Education for approval.

**Professional Learning:** Staff engage in professional learning activities and experiences that prepare them to teach the new curriculum in order to meet the needs of all students.

**Implement:** The new curriculum is put into place with needed resources. Staff continues to receive professional learning in order to support student learning.

**Status Update/ Input:** A presentation is made to the Board of Education to provide information on any curricular/instructional issues and to highlight student and staff success. BOE feedback will also be solicited for the upcoming revise and approve cycle in alignment with BOE Policy 6140.

Specialized Private Schools - Private Outplacements (PPT placed)	67	\$ 9,858,794
State-Placed - DCF / DDS	0	\$ -
(tuition increased estimated at 5%)	72	\$ 10,384,072
Settlement/Unilateral Placement	43	\$ 2,573,871
<b>Gross Projected Tuition</b>	<b>115</b>	<b>\$ 12,957,943</b>
Revenue - Out of Town Tuition (OTT)		\$ 134,000
Revenue - State Excess Cost Projected Reimbursement (65%)		\$ 2,399,038
<b>Total Projected Revenue</b>		<b>\$ 2,533,038</b>
<b>Net Projected Costs</b>		<b>\$ 10,424,905</b>

**Out-of-District Placement in Special Education** refers to the practice of PPT placing a student with disabilities in an educational program outside of their home school district. This occurs when the district determines, through the Individualized Education Program (IEP) process, that it cannot provide the appropriate services, supports, or environment necessary to meet the student's unique educational needs.

**Collaborative Programs:** Regional services or partnerships shared by multiple districts.

**Specialized Private Schools:** Programs specifically designed for students with particular disabilities or needs.

**State-Placed:** In addition to district-initiated placements, **state-placed students**—including those under the care of Connecticut's Department of Children and Families (DCF) or Department of Developmental Services (DDS)—may also require out-of-district placements. These students may be placed in residential programs, therapeutic settings, or specialized schools as determined by their educational and care needs.

Out-of-district placements can also result from **settlements** or **unilateral placements**:

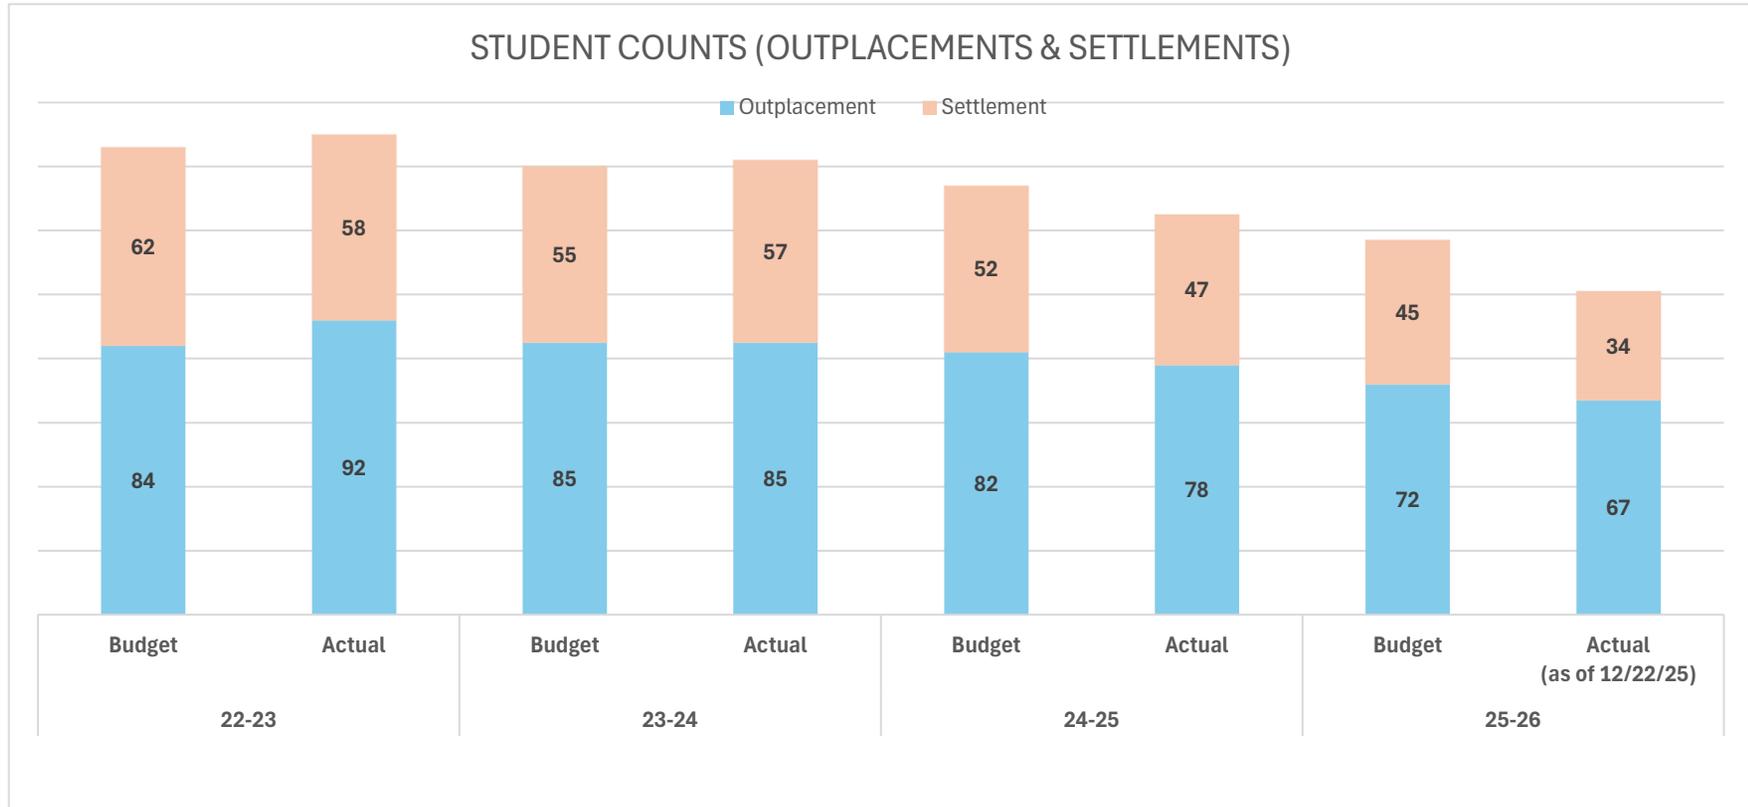

**Settlements:** When a dispute arises between parents/guardians and the school district regarding the appropriateness of the student's educational program, the parties may enter into a settlement agreement. This agreement may place the student in an out-of-district program that better meets their needs, often at the district's expense. Settlements typically occur as an alternative to formal due process hearings and are legally binding.

**Unilateral Placements:** In cases where parents/guardians believe the district has failed to provide a Free Appropriate Public Education (FAPE), they may choose to place their child in a private or specialized program without the district's agreement. If the parents can demonstrate that the district did not meet their child's needs and that the chosen placement is appropriate, they may seek reimbursement for the costs of the placement through a due process hearing.

These placements—whether district-initiated, state-placed, or resulting from settlements or unilateral decisions—ensure that all students receive an education tailored to their individual needs in compliance with the Individuals with Disabilities Education Act (IDEA). Costs for tuition, transportation, and related services are typically covered by the sending school district, with state reimbursement provided under specific guidelines, particularly for state-placed students. The district is reimbursed for eligible costs by the excess cost grant. The reimbursement is based on a reimbursement percentage for costs in excess of four-and-a-half times the previous year's Net Current Expenditures per Pupil for district-initiated placements. For state-initiated placements, 100% of costs exceeding the prior year's per-pupil expenditure are reimbursed. The State determines the capped funding percentage, with payments distributed in February and May. FPS capped percentage is set at 68.5%.

^ State Placement by order of Department of Children & Families (DCF) and Department of Developmental Services (DDS). Collaborative Programs include placement in ACES, Cooperative Education Services (CES)

Fairfield Public Schools  
Athletic Waterfall - Multi-Year Plan

**Fairfield Ludlowe High School**

Item	Cost	Last Purchased or Upgraded	Useful Life	2026-2027	Priority Rank (1-5)
Helmet (120 needed)	\$350 ea.	2025	10 year max	\$3,500.00	3
Shoulder Pads (120 needed)	\$300 ea.	2025	5 years	\$1,500.00	2
Pole Vault Pit	\$18,000.00	2005	10 years	\$18,000.00	1
<b>TOTAL FLHS</b>				<b>\$23,000.00</b>	

**Explanation for equipment request:** Continue the process of upgrading our football helmets and shoulder pads. The Pole vault pit has not been replaced in many years and is due.

**Fairfield Warde High School**

Item	Cost	Last Purchased or Upgraded	Useful Life	2026-2027	Priority Rank (1-5)
Tennis Nets	\$1,500.00	2020	3-5 years	\$1,500.00	2
Helmet (120 needed)	\$350.00	2025	10 year max	\$4,000.00	4
Shoulder Pads (120 needed)	\$300 ea.	2025	8-10 years	\$4,500.00	5
Outdoor Scorers Table	\$10,000.00	Unknown	8-10 years	\$10,000.00	1
Team Benches	\$3,000.00	Unknown	8-10 years	\$3,000.00	3
<b>Total FWHS</b>				<b>\$23,000.00</b>	

**Explanation for equipment request:** The outdoor scorers table and team benches need to be replaced due to age, community use and vandalism. Tennis Nets: Warde has 6 tennis courts that require maintenance to the tennis nets due to weather, community use and vandalism. Helmets and shoulder pads are necessary to remain on the 10 year cycle.

The IT department continues to find efficiencies in software, hardware, and support, to help combat the large increases on a per contract basis due to inflation. These efforts enable the adoption of PowerSchool.

**Technology Training:** \$65,980 (increase of \$53,480)

Support technical staff training needs, and secretarial training. Addition of on-site & remote PowerSchool training district wide.

**Technology Systems and Equipment Maintenance:** \$60,000 (reduction of \$6,500)

Lowering service costs by using Maintenance & Operation team to perform network drops, HDMI runs and other network & AV related services.

**Technology Instructional Software:** \$601,619.00 (reduction of \$87,970)

The district optimized software licenses by removing underutilized products and aligning usage with the curriculum. New additions include Blast Teacher Online Presentation Tool, HD Word and Writing Revolution Online Tools. Removals include ASB Classroom, Book Creator, Discovery Education, GimKit, Perfect My Music, Swank, and This is School.

**Technology Infrastructure:** \$242,400 (reduction of \$374)

This account funds the wide area network contract, cable TV at the schools and the internet service. E-rate grants pay an additional 40% of the service costs listed above.

**Technology Information Management Software:** \$1,349,906 (increase of \$155,408)

The district is consolidating security and service desk software to reduce costs and streamline IT processes. The current budget reflects overlapping costs for running both SIS platforms (Infinite Campus and PowerSchool). Future budgets will decrease as PowerSchool fully replaces Infinite Campus.

**Technology Capital Outlay:** \$973,548 (increase of \$223,578)

Includes interactive boards, technology education workstation refresh at both high schools, and hardware for the new ISP contract.

**Technology Supplies:** \$66,555 (reduction of \$50,267)

Reduction in Chromebook cases due to elementary carts allowed for offsets in the cell phone pouches in the high school for incoming 9th graders.

**Technology Service Contracts:** \$491,009 (increase of \$19,462)

Increases to VOIP support contracts and licensing, as well as services for PowerSchool App Hosting.

Fairfield Public Schools  
Major Maintenance Projects - Fiscal Year 2026-2027

	School	Description	Amount
1	North Stratfield Elementary School	Safety and security upgrades	\$ 152,758.00
2	Osborn Hill Elementary School	Safety and security upgrades	\$ 143,896.00
3	Riverfield Elementary School	Repair steps down to playground	\$ 26,892.00
4	Roger Sherman Elementary School	Safety and security upgrades	\$ 149,167.00
5	Fairfield Warde High School	Replace flooring in cafeteria	\$ 70,196.00
		<b>Total</b>	\$ 542,909

**Safety and Security Upgrades**

**North Stratfield Elementary School – Security Upgrade**

**\$152,758.00**

Continuing infrastructure upgrades to the district’s school security systems is a vital investment in maintaining the security of our students, staff, and facilities. This budget request supports efforts to modernize critical security infrastructure, including enhancements to camera coverage, system integration, and software upgrades. These improvements will strengthen our ability to monitor and respond to incidents effectively while ensuring our security systems remain reliable, up to date, and aligned with current best practices.

**Osborn Hill Elementary School – Security Upgrade**

**\$143,896.00**

Continuing infrastructure upgrades to the district’s school security systems is a vital investment in maintaining the security of our students, staff, and facilities. This budget request supports efforts to modernize critical security infrastructure, including enhancements to camera coverage, system integration, and software upgrades. These improvements will strengthen our ability to monitor and respond to incidents effectively while ensuring our security systems remain reliable, up to date, and aligned with current best practices.

**Riverfield Elementary School – Safety Upgrade**

**\$ 26,892.00**

Replacing the steps connecting the blacktop to the playground is a necessary infrastructure project to address both safety and accessibility concerns. The existing steps are deteriorating and have been identified as a concern for continued use. This project will provide for the complete replacement of the steps and the installation of compliant hand railings, ensuring the area meets all current ADA and safety standards. These improvements will create a safe, accessible, and long-lasting transition between the playground and adjacent paved areas, supporting the district’s commitment to maintaining secure and inclusive facilities for all students.

**Roger Sherman Elementary School – Security Upgrade**

**\$149,167.00**

Continuing infrastructure upgrades to the district’s school security systems is a vital investment in maintaining the security of our students, staff, and facilities. This budget request supports efforts to modernize critical security infrastructure, including enhancements to camera coverage, system integration, and software upgrades. These improvements will strengthen our ability to monitor and respond to incidents effectively while ensuring our security systems remain reliable, up to date, and aligned with current best practices.

**Fairfield Warde High School – Safety Upgrade**

**\$ 70,196.00**

Replacing the cafeteria flooring is an important infrastructure improvement to maintain a safe environment for students and staff. The existing flooring shows signs of wear, including areas that pose potential tripping hazards, and its current condition raises safety concerns.

Appendix

## Summary Object Description - Staff Salaries

---

- 101**     **Certified Teaching Staff**  
Classroom teachers for all grades and all subject areas, i.e., Art, Music, PE, SPED, Librarians, Speech and Language, ELL and Gifted/STEAM teachers, etc. It also includes the portion of salaries for part-time coordinators.
- 103**     **Certified Support Staff**  
Deans, Elementary Program Facilitators, Guidance Counselors, Psychologists, Social Workers, and Sped Evaluation.
- 105**     **Certified Administration Staff**  
This category includes administrators associated with school buildings or instructional programs including, Athletic Directors, Program Directors, and Special Education Coordinators. The 1.0 FTE Walter Fitzgerald Campus Administrator also administers the Community Partnership Program.
- 107**     **Certified Administrative Staff**  
Superintendent, Deputy Superintendent, Chief Academic Officer, Executive Directors of Special Education/Student Services and PK-12 Literacy.
- 109**     **Directors/Supervisors/Managers**  
Executive Director of Finance & Business, Executive Director of Operations, Executive Director of Human Resources, Directors of Communications and Information Technology, and Asst Directors of Finance and Security & Operations.
- 111**     **Secretarial/Clerical Staff**  
Secretarial staff assigned to schools and departments.
- 113**     **Paraprofessionals**  
Building and special education paraprofessionals assigned to the schools.
- 115**     **Custodial Staff**  
Custodians in the district.
- 117**     **Maintenance Staff**  
Maintenance workers in the district.
- 121**     **Support Staff**  
Coordinators of Operations, School Services, Grants/Medicaid, Accounting Specialist, Business Systems Specialist, Human Resources Support Specialist, Administrative Assistants in Human Resources and the Superintendent's Office, Student Assistance Counselors, Information Technology Staff, Transition Specialist, District Records Facilitator, Residency Investigator, Custodial Supervisors, Maintenance Supervisor, Security Staff and Transportation Supervisor.
- 125**     **Special Education Trainers**  
Staff who provide direct instructional support to children with autism using the principles of Applied Behavioral Analysis.
- 129**     **Part-Time Employment**  
Teacher stipends for mentoring beginning teachers as well as department liaisons (K-12), teacher interns, and team/community liaisons at the middle schools.  
Substitute coverage for teachers, clerical support, and custodians, including custodial overtime. Summer school salaries, hourly tutors at the middle school, interns, and lunch aides are also included.
- 131**     **Wage and Benefit Reserve**  
Reserve for contract settlements with employee bargaining units and adjustments that might be provided to non-bargaining unit employees. It also includes estimated benefit expenses for any new positions in the budget, as well as projected revenue impacting personnel.
- 133**     **Staff Replacement**  
Staff replacement accounts for projected attrition and retirements.
- 135**     **Degree Changes**  
Payment for advanced degrees earned during the fiscal year per collective bargaining agreements.

## Summary Object Description - Benefits

---

### 201 Health Insurance

Connecticut Partnership Plan 2.0 – The district has not been self-insured since July 2016 when it joined the Connecticut Partnership Plan. The plan has a combined membership of over 200,000 members, including state employees, and is administered by the Connecticut State Comptroller's Office. All eligible Fairfield Public School employees have the same benefit design offered to state employees. While the overall plan is self-insured, it functions as a fully insured plan for school districts – rates are set and do not vary for 12 months, regardless of experience. Rates are re-set after 12 months based on the claims experience of the entire state's 200,000 + members and does not contain any stop-loss charges. In addition, ACA and administrative fees, plus run-off charges (IBNR), are included in the rates.

All members must join a mandatory Health Enhancement Plan (HEP). This requires age-appropriate preventative screenings and care, lower co-pays for medication/care associated with five chronic diseases/conditions, and chronic disease management education. Employees who do not participate in the HEP are charged an additional premium of \$100 per month for every month they are out of compliance and pay an additional annual deductible of \$350 for an individual and \$1,400 per family. However, compliance is easy and results in healthier employees.

On October 1, 2017, Fairfield Public Schools opted to implement changes under the state employee's SEBAC agreement with the State of CT.

The State of Connecticut implemented a regionalized geographic rate structure for the State Partnership Plan as of 10/01/2019 for new groups enrolling in the plan and 7/01/2020 for groups already enrolled in this plan.

### 203 Life/Disability Insurance

Life Insurance – Coverage for employees eligible for life insurance.

Disability Insurance – Coverage for employees eligible for disability insurance.

### 205 Social Security

FICA/Medicare – All earned income is subject to the Medicare portion of FICA except for teachers covered by teacher retirement and hired in Fairfield prior to April 1986. As senior staff retire, this account will continue to require funding for new staff until the Medicare portion of social security applies to all teachers.

All non-certified, contracted staff are subject to both the FICA and Medicare portions of social security. Non-certified part-time, temporary, or seasonal employees contribute to a FICA Alternative Retirement Plan.

### 207 Pension/Retirement

Pension/Retirement– Funding for eligible non-certified employees covered by the Town of Fairfield pension plan based on an actuarial report. This account also includes the district's contribution for non-certified new hires in a 401(a)-retirement plan in lieu of the Town's Pension Plan.

## Summary Object Description – Instructional Services

---

### 301 Instructional Services

Program Assessment – These funds provide for assessments as part of the District Improvement Plan.

Curriculum Development – Funds to support the development and writing of revised curriculum (see chart, support section). Additional funds for curriculum projects are included in the program implementation budgets for each department.

Districtwide Purchased Services for Music Covers costs associated with this annual event (such as music, supplies, and guest conductor) as well as costs associated with music concert accompanist fees for the elementary and middle school music programs.

Homebound Instruction – These funds provide (a) hourly instruction to students with disabilities who are unable to attend school. Services are provided in accordance with the student's Individualized Education Plan and (b) instruction to students who are either medically unable to attend school for a period of time, or expelled students.

### 303 Pupil Personnel Services

Professional Consultation – Centralized account used to provide consultation services to teams of educators serving students with complex needs, including, but not limited to, autism.

Professional Services – This account provides funds to purchase services for students with disabilities from outside contractors such as psychiatric, feeding, oral motor, neuropsychological and literacy evaluations. Also includes independent educational evaluations, mediators (504 and IDEA), IEP facilitators, and in-house service providers for medically fragile students.

Contracted Audiological Services – This account funds audiological services provided by Cooperative Educational Services for students with hearing and/or language impairments.

Occupational Therapy – This account provides occupational therapy as a related service for students with special needs. Occupational therapy is provided by a private contractor.

Physical Therapy – This account provides physical therapy as a related service for students with special needs. Physical therapy is provided by a private contractor.

### 409 Student Activity Expenses

These accounts support the supply and equipment expenses for the sports, drama, and music after-school programs at the middle and high schools and are budgeted by the schools using their school per pupil allocation.

## Summary Object Description – Contracted Services

---

### 305 Professional/Technical Service

#### Athletic Trainers

Contracted service for certified Athletic Trainers and Strength and Conditioning coaches for sports.

#### Enrollment Projection

Annual updates to enrollment projections.

#### Technical Consulting

Professional services, including asbestos management, laboratory testing, ventilation studies, architectural/ engineering consultant services, civil and traffic consulting.

#### Legal Services

Board of Education legal fees for negotiations, arbitration, labor proceedings, special education, and other student matters, including administrative and court proceedings. Also used for disputes regarding student accommodations and expulsion hearings.

#### Records Retention

Maintenance of permanent student, personnel, and business services records.

### 307 Other Services

#### Extra-Curricular Salaries

Funds provide extra-curricular activities to all students, including special education students.

Publications & Research – Funds for professional periodicals, research services, professional journals, in-service training publications, and other professional materials.

### 309 Safety and Security Expenses

Funding for walkie-talkies, special duty police, video cameras, safety/security software licensing fees, other electronic equipment, security locks and the contract for staff utilized as high school guard greeters.

### 315 Rentals

Sports facilities rentals for certain sports teams (i.e., swimming, ice hockey, and sailing) at the high schools, as well as swimming pool rentals and/or facility rental at Fairfield University for special needs students.

### 325 Personnel/Recruitment Expenses

Recruitment expenses for online vacancy advertisements, job fairs, and professional journals.

## Summary Object Description – Transportation and Tuition

---

---

### 317 Student Transportation

#### Transportation Contract

Funds to contract for the transportation of students to and from school. Non-public bus runs are carried in the Town budget but managed by the Fairfield Public Schools.

#### Special Education Transportation

Transportation services are provided year-round for Fairfield's special education students whose programs are in Fairfield and other facilities across the State. Vehicles are contracted by the day for a specified number of hours. There are various types of vehicles required based on the needs of individual students (wheelchair, air-conditioned).

#### Extracurricular Transportation

Student transportation to rehearsals for a townwide music festival for the string instrumental, band instrumental, or choral program; as well as transportation for field trips organized at the school level.

#### Regional School Transportation

Transportation for students to regional, magnet, charter, and technical schools is provided daily for Fairfield students who are enrolled in these programs. Where state funds are provided, they are netted against total costs to arrive at the budgeted amount.

#### Summer School Transportation

Transportation for eligible special education students to extended year programs as required in an Individualized Education Plan (IEP).

#### Other Contracted Bus Expenditures

A variety of transportation expenditures such as late runs for the middle schools, extra hours for special buses, and funds to support the performance bond.

### 329 Tuition

Tuition for students who, due to the nature and extent of their disability, require very specialized educational environments that cannot be provided within the Fairfield Public Schools. Also for students that attend Six to Six Magnet, a regional innovative elementary school that provides an extended day program; the Vocational Agriculture School, a regional vocational agriculture school located at Trumbull High School; Aquaculture, the regional vocational aquaculture school located in Bridgeport; Regional Center for Arts, a part-time public inter-district magnet high school for Fairfield County students interested in the performing arts (funds for the district's share of costs for the CES operated school); Fairchild Wheeler School, magnet schools at the Fairchild Wheeler Campus in Bridgeport; and Discovery Magnet School, an inter-district magnet program with a focus on the study of science, technology and mathematics.

## Summary Object Description – Other Purchased Services

---

### **319**    **Conference and Travel**

Payment for conferences and/or workshop presenters to support the improvement of instruction or district operation. Staff is eligible for mileage reimbursement at the IRS rate for travel to/from workshops/meetings and between school locations.

### **321**    **Professional Development**

#### Program Implementation

Funding for curriculum and assessment development, resources, and professional development to implement curriculum in each subject area.

#### Staff Development

This account funds professional learning for all staff members.

#### Training

Mandated asbestos material remediation courses and other training programs for the maintenance and custodian staff as well as transportation and other departments

#### Technical Services

This account supports computer and other technical training for clerical, secretarial, and administrative staff, as well as advanced training for employees in information technology positions.

#### Professional Growth Tuition

Contractual agreement to reimburse partially or fully those approved requests by professional staff.

#### Professional Development (Non-Certified)

Professional development expenses for the FAEOP (secretaries), and CSEA, SEIU (Paraprofessionals) bargaining units per their respective contractual agreements.

### **323**    **Postage**

All postage expenses, inclusive of mail process services and USPS permit fees.

### **327**    **Printing/Copying**

#### Printing

Outsourced reproduction of instructional and administrative materials.

#### Copying

Vendor contract with vendors in a "lease plus cost per copy" agreement for all schools and business locations. The vendor owns and maintains the equipment. This affords us the latest copying technology without the purchase of equipment.

## Summary Object Description – Supplies/Texts/Materials

---

### **400 Supplies, Books and Materials**

These accounts provide funding for supplies, books, and materials budgeted by the schools using their school allocation.

### **401 Instructional Supplies and Materials**

#### Instructional Services

District support for instructional supplies and materials in each subject area. These funds provide resources for the implementation of curriculum districtwide.

#### Mill River Supplies & Materials

Materials for the Mill River field experience such as equipment and trail gear - rubber gloves, books, film, and other expendables.

#### Pupil Personnel Services

Individual test materials and supporting equipment for the elementary and middle school psychologists.

#### Supplies, Gifted & Talented

Supplies and materials to meet the needs of gifted learners at the elementary and middle school levels.

#### Supplies & Materials, Special Education

Testing and instructional materials used by the district Speech and Language Pathologists.

#### Instructional Software

District-supported standard software purchases and license agreements in support of and required for delivery of instructional programs.

### **402 Instructional Supplies/District Support**

Purchase of forms, envelopes, and copying supplies.

### **403 Office/General Supplies**

Office supply expenses for the Central Office and Board of Education.

### **404 Supplies, Books and Materials, District Support**

Supplies, books, and materials for special education.

### **411 Textbooks**

Instructional supplies and materials for English Language Learners as well as texts and materials for special education students. Books and materials are maintained in a central resource library and are shared districtwide.

### **415 Other Supplies/Materials**

#### Professional Books

Resource texts and periodicals for use in professional learning activities.

#### School Nurse and Technology Supplies

Nursing supplies and district support of technology supplies.

#### Personnel Expenses

Orientation program for new staff members and covers costs of recognition for long-term employees, retirees, and other miscellaneous expenses.

## Summary Object Description – Operations and Maintenance of Buildings

---

### 311 Utility Services

Funds for gas, water, electricity, and heating fuel for each site including the rate and usage adjustments due to energy conservation and increases due to added square footage and other new space.

#### Electricity

Electrical Costs including heating of relocatable classrooms. The municipal energy program, distribution charges, weather dependent solar production, and several solar contractual rates make budgeting electricity a challenge as we shift from more expensive electric kWh usage to the less expensive solar kWh usage; total electricity consumption has been declining due to the increased use of solar.

#### Heating Gas, Commercial Gas and Water

An estimate of heating fuel rates and heating and water usage.

#### Telephone and Telecommunications Infrastructure

The town implemented a VOIP phone system in February 2019; the budget is reflective of the school district's share of the telephone system. The telecommunications Infrastructure reflects the data communications between the school buildings, the Town, and the cost of the Internet, less the Universal Service Fund anticipated credit.

### 313 Maintenance Services

#### Major Maintenance Projects

Building restoration and safety-related repairs in schools. See Support Information section for more detail.

#### Repairs to Equipment, Special Education

Service contracts for auditory trainers.

#### Central Office Facilities Expense

Common charges, building management services at Central Office, 501 Kings Highway East.

#### Fire Protection/Electrical

Replacement or recharging of fire extinguishers, sprinkler tests, emergency lighting, fire signal hook-up, and alarm system maintenance.

#### Fire Alarm

Monthly, as well as semi-annual, testing of the emergency lighting systems in our school buildings to ensure accordance with local fire codes.

#### Window Coverings

Window covering replacement program. The decrease in this account is due to work already being completed.

#### Glass/Glazing

Replacement of broken window glass at all schools.

#### Snow Removal/District-Wide

Snowplowing by an outside contractor. The increase in this account is due to the addition of a salting program. This function was formerly done by the Town.

#### Paving/Sidewalks/Curbs

System-wide small paving projects.

#### Contracted Services, Grounds

Costs for exterior grounds services. Bid includes all grass cutting, athletic fields, artificial turf fields, irrigation systems, game linings, fall and spring clean-up, conservation detention work, district wide tree PM program, as well as other services as needed.

## Summary Object Description – Operations and Maintenance of Buildings

---

### 313 Maintenance Services cont'd

#### Contracted Services/Boiler –

Cost of hot water boiler treatment and steam boiler treatment programs at all school sites.

#### Contracted Services/Fuel Tanks

Chemical treatment to underground oil storage tanks and boiler/fuel tank monitoring and inspections required by the State.

#### Other Contracted Services

Elevator service, inspection and repairs, water quality testing, and kitchen equipment PM.

#### Low Voltage System Preventative Maintenance

Scheduled maintenance, cleaning, and inspection of the low voltage equipment, including PA/intercom systems, video and projection, security, and telephone equipment.

#### Roofing Preventative Maintenance

Roof repairs, general maintenance, cleaning, servicing, and warranty-related issues.

#### Building Envelope Preventative Maintenance

Repairs to the façades of all buildings based on the façade preventative maintenance program.

#### HVAC Preventative Maintenance:

Mechanical systems maintenance, servicing, and warranty issues

Equipment Integration Preventative Maintenance: Preventative maintenance on the computerized building mgmt. system (BMS) and the emergency generators located at: Burr, McKinley, Fairfield Woods, Roger Ludlowe, Fairfield Ludlowe and Fairfield Warde.

#### Hazardous Material Projects:

Projects involving asbestos, lead paint, lead water, PCBs, and radon gas.

#### Maintenance Bldg. Facility

Projects involving asbestos, lead paint, lead water, PCBs, and radon gas.

#### Maintenance Lease Operation

Common charges, building management.

#### Refuse Removal/Recycling

Contracted school refuse removal, including the rental of trash receptacles, recycling.

#### Uniforms

Uniforms as required by the custodian and maintenance agreement, laundering of health room linens, cleaning draperies, and mop accessories.

#### Extermination Services:

Contracted service to control insects and pests in schools, including termite protection per the Integrated Pest Management program.

#### Repairs to Equipment (Instructional):

Repairs to instructional equipment for art, physical education, home economics, tech ed, and science departments.

## Summary Object Description – Operations and Maintenance of Buildings

---

### 313 Maintenance Services cont'd

#### Maintenance Equipment Repairs:

Repair of equipment used by maintenance staff such as scaffolding, power tools, pumps, motors, floor cleaning machines as well as the interior and exterior bleacher PM program.

#### Music Instrument Repairs:

Repair of school owned musical instruments including piano tuning.

#### Office Equipment Repair:

Repair of office equipment

#### Painting

Painting school buildings on a rotating schedule based upon need.

#### Plumbing, Heating & Air Conditioning

Contracted boiler maintenance, HVAC repairs, boiler cleaning, tube replacements, licenses, emergency repairs, backflow valve annual inspection, and miscellaneous related items.

#### HVAC System Cleaning Preventative Maintenance

Professional HVAC cleaning of ductwork, unit ventilators, larger pieces of equipment and the professional cleaning of the IT server rooms.

#### Code and Life Safety, System wide

Costs associated with bringing buildings up to the most recent accessibility and life safety codes.

#### ADA Studies

Professional review and repairs to facilities for conformance to ADA (& UFAS) accessibility codes.

#### Playground Maintenance/Safety

Inspection and repairs of playground equipment including wood chip replacement, component replacement, risk management signage, and weather sealing.

### 424 Other Supplies

#### Custodial Supplies

Paper goods, cleaners, floor finishes, light bulbs, cleaning implements, soaps, and detergents for distribution to all schools.

#### Medical Supplies, Other

Replacement of EpiPens and other medical supplies required in all buildings for emergency use.

### 429 Maintenance/Repair Supplies

#### Transportation Supplies

Student transportation supplies such as non-standard child seats, and office supplies.

#### Grounds Supplies

Parts for fields and grounds repairs.

#### Maintenance Materials & Supplies

Variety; from lumber to masonry.

#### Plumbing/Heating/Air Conditioning Supplies

Plumbing and HVAC related supplies such as gaskets, belts, filters, and pipes.

#### Fire/Protection/Electrical-Supplies

Electrical supplies such as ballasts, exhaust fans, electrical fittings, etc.

## Summary Object Description – Capital and Dues and Fees

---

---

### **313 Maintenance Services cont'd**

#### Maintenance Vehicles, Parts & Fuel:

Repairs and parts for grounds equipment, trucks, and tractors; gasoline for the maintenance and grounds vehicles equipment, as well as lease or purchases of maintenance vehicles.

### **501 Capital Equipment (General)**

#### Equipment, Schools, Athletics, Special Education and ECC

Funds are allocated to (a) all schools for new and replacement equipment; (b) high school athletic departments to fund large equipment purchases; (c) special education for classroom and other general equipment used for students with significant disabilities who require specialized equipment; and to the Early Childhood Center (ECC) for equipment for students with disabilities.

#### Special Music Instruments

Purchase of uncommon instruments required to provide balanced music groups.

#### Special Education Assistive Technology

Assistive technology and/or adaptive equipment necessary for individual students with disabilities.

#### Equipment Maintenance

Hand tools and equipment necessary for the upkeep of buildings and grounds, such as vacuum cleaners, rug shampooers, ladders, scaffolding, hammers, drills, wrenches, mowers, and snow blowers.

#### Equipment Replacement

Replacement of school equipment due to an unanticipated failure.

#### School Nurse

Nurse's station equipment for all schools.

#### Equipment Replacement, Theft/Damage

Replacement for lost, stolen, and/or destroyed equipment. In some cases, insurance covers the loss and offsets the expense.

### **503 Capital Equipment (Technology)**

#### Technology equipment

Reflects the equipment identified annually in the district technology plan. See Support Information section for more detail.

### **601 Dues and Fees**

#### Dues and Fees

Participation in a variety of professional organizations and fees for educational services. CABE dues are included in the Board of Education portion of this account.

#### CES Affiliation

Cooperative Educational Services is the regional educational service provider for our area. It was founded on the premise that local school districts can benefit by working together to solve common problems and to increase efficiency. The account represents our annual membership fee.

In its 2025 regular session, the General Assembly made several changes to the statutes that affect public education in Connecticut, effective July 1, 2026 upon passage. The most recent mandates and their impacts are listed below.

- *Interactions Between School Personnel and Immigration Authorities, The Purchase and Operation of Certain Drones, Grants to Certain Nonprofit Organizations, and Student Athlete Compensation Through Endorsement Contracts and Revenue Sharing Agreements (PA 25-1)*

**Impact:** Requires districts to establish procedures and designate staff to handle immigration authority interactions; restricts use and purchase of certain foreign-manufactured drones; prohibits drone use near critical infrastructure; expands student athlete NIL and institutional revenue-sharing permissions; and makes appropriation adjustments.

- *Concerning Various Measures Recognizing and Honoring the Military Service of Veterans and Members of the Armed Forces in Connecticut (PA 25-15)*

**Impact:** Requires districts to support smooth transitions for military-connected students with IEPs/504 plans entering mid-year, ensure timely records transfer and meetings, and allows such students to remain enrolled through the school year (and through Grade 12 enrollment in some cases).

- *Quality and Delivery of Special Education Services in Connecticut (PA 25-67)*

**Impact:** Comprehensively reforms special education oversight and costs, including: defining key terms; prohibiting mid-year price increases; establishing statewide rate schedules; setting transportation billing standards; redefining “reasonable costs”; creating a new 2026 special ed grant; requiring licensure standards; mandating unannounced provider inspections; placing limits on placements and transfers; requiring new reporting, workload studies, due process reforms, IEP form revisions, and expanded special education data transparency. The act goes into effect at different times based on the effective date in each sub section.

- *Increasing Resources for Students, Schools and Special Education (PA 25-93)*

**Impact:** Establishes an Early Childhood Endowment; creates health insurance support for early education employees; adds new rules for private provider special education contracting; exempts certain grants from MBR; funds in-district special education programming; requires CSDE route mapping; creates behavioral supports, ombudsperson office, instructional support partner roles, new grants, improved reporting, chronic absenteeism updates, financial transparency measures, and strengthened homeless student protections.

- *Implementing the Recommendations of the Office of Higher Education... and Information Reported to the Credential Database (PA 25-99)*

**Impact:** Requires annual parent notification of dual-credit opportunities and mandates development of a statewide model policy for dual and concurrent enrollment programs.

- *School Emergency Response Systems (PA 25-102)*

**Impact:** Expands eligibility of the school security infrastructure grant program to include emergency communication system hardware and personal emergency devices for school personnel.

- *An Act Authorizing and Adjusting Bonds of the State... and Various Provisions Revising and Implementing the Budget (PA 25-174)*

**Impact:** Authorizes bonding, addresses school construction programs and statutes, and includes budget implementation revisions; also includes provisions allowing certain employers, including school districts, flexibility in sick leave increment usage under defined conditions.

The acts deemed to be most relevant were selected. A full list of mandates can be found via the link above.

## **Maintenance and Facilities**

Road Work in/around schools (*paving, guardrails, curbs, speed tables, speed bumps, signage*)

Site water run-off drainage systems

Weather Issues affecting schools (*Snow plowing*)

Landscaping and irrigation system contractor

Licensed Maintenance Technicians

Security and Safety issues

Fire Department

Building Department

Police Department

Department of Public Works

Emergency generators

Emergencies and town emergency shelters

Tree and brush removal

Vehicle fuel and oil and gas for heating schools

Electricity contracts and pricing

Playground wood fiber chips dig-out

Reservations for schools and town buildings

Building Committees

## **Finance, Business, and Human Resources**

Purchasing

Shared bids and project coordination (*for best pricing through shared projects, consortia and state approved contractors*)

Insurance, Risk Management, Legal

Health Department, School Nursing

CT State reimbursement filings

State and Federal Audit

Bus Transportation for public and private school

Town pension for non-certified employees (*from old bargaining structure*)

CHRO Cases, Workers Comp, Unemployment
